

K.B. MUTSUMI

SMOOTH POLISHED SURFACE and NATURAL LUSTER.
PROGRESS PLUS is the composite resin which
includes fluorine and combines beauty with strength.
Its manipulation is superior.

Light Cured Ion-Releasing Composite

PROGRESS PLUS

Fluorine is included while
PROGRESS PLUS keeps excellent
physical property.
High hardness and Excellent abrasion
resistance. No stains and No discoloration.

Fluorine
Included

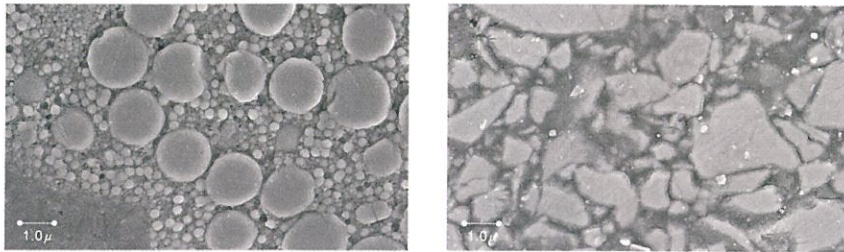

PROGRESS PLUS is the composite resin which combines beauty with strength. You can use it for anteriors and posteriors.

Prominent aesthetic

PROGRESS PLUS does not stain, discolor and leave the uneven surface because Duo-Spherical Filler is filled densely. It realizes the brightness and the smoothness.
